5. The police didn't find **anyone** / **someone** who saw the theft.
6. Is there **something** / **anything** that you can do to help?

1 Read the text. Then complete the sentences below.

Film Review: *Signs* by Penny James

One of the best films I have seen is *Signs*. Mel Gibson stars in this suspense-filled thriller about creatures from another planet.

The film is about real events. In different parts of the world, strange circles have appeared in fields. The circles are a mystery. Who made them? What do they mean? No one can explain how people made the circles because there isn't any evidence of anyone entering or leaving the area. Some people believe that creatures from another planet made them. There are other people who believe that the end of the world is coming.

The film shows the Hess family finding circles in their field and they see strange lights in the sky. The family soon discover that little green men from another planet have arrived. The family try to hide, but the terrible creatures enter their home and find them.

1. Mel Gibson is one of the actors who _____
2. *Signs* is a film that _____
3. This is a film which _____
4. There are some fields where _____
5. There is a family who _____
6. There are terrible creatures that _____

2 Write about a film you have seen. Include information about the people and the places that appear in the film.
